

Sheet Metal Workers International Assoc. Local Union No. 28 Retirees Club in Florida

Dear Brothers and Sisters:

With the realization that the oldest retiree's group in the I.A. may have to close its' operation down because of a shrinking membership, and many retirees not knowing or having any contact with L. U. #28 Retirees in Florida, we, the Officers of the Club, in an effort to enroll all former L. U. #28 members who have retired, are sending you this invitation to join L. U. #28's Retirement Club in Florida.

If you're asking yourself about now, "Why should I join?" let me answer that. Perhaps first and foremost we disseminate all kinds of information that pertains to the retiree, his family, his benefits, and his entitlements. We have a monthly newsletter that we send to all our members informing them of our schedule of activities and events, along with other valuable information. We have members on line, and have a link to the Local's web site. We field questions, both general and personal, relating to Social Security, Medicare, SMW+, dental plans, optical plans, and legal entitlements. We have a Confidential Family Portfolio Record File made available to our members. We are dedicated to making your retirement just a little bit better, and more complete. We would like you to join our Florida Retirees Club, regardless of where you're living. We offer you the chance to stay in touch with the Local, and people with whom you spent much, if not most, of your working career. Wouldn't you like to know what's happening with them, and don't you think that they would like to know what's happening with you? We have reconnected many friends, coworkers, and even family.

We realize that with commitments, and because of varied geography, not all our members can attend meetings. We're all over the state, the country, and many of us are "snowbirds." Most members do not attend our meetings regularly, but they do want to stay in touch, and they do want the information that is available through our organization. To put it in the words of that Selective Service Recruiter, "We want you"--- and we need you to continue. The cost of our annual membership is \$15, and considering what we offer, the figure is quite reasonable. The benefits that we offer are numerous, perhaps too many for just one letter of invitation to join. And because of the expense that is associated with this kind of letter of invitation, we may not be able to do it again. So, perhaps for the last time, and final opportunity, join us. This letter is similar to the one I did when I was President of the N.Y. Retirees Club, but this request for you to join is much more urgent.

Fraternally, Artie Beitz, President
S. M. W. I. A. Local #28 Retirees Club In Florida
